RE: Certification of Rule 306.e. Meeting with Building Unit Owners within a Buffer Zone Setback  
Greeley-Rothe #1H Horizontal Pad  
Niobrara and Codell New Drills  
Township 5 North, Range 67 West, 6<sup>th</sup> P.M.  
Section 1: SESE (Surface Location)  
Weld County, Colorado

Dear Mr. Lepore:

K.P. Kauffman Company, Inc. (KPK) is planning to drill the above mentioned horizontal pad to the Niobrara formation(s). The wells included in such pad are incorporated in the City of Greeley and KPK is currently processing a Use by Special Review Permit. As part of this process, KPK certifies that a neighborhood meeting was held on Wednesday, August 27, 2014 with staff from the Planning and Community Development Department.

KPK did not receive any objections to the proposed location. KPK respectfully requests that the COGCC review the information enclosed with the permit and approve the Oil and Gas Location Assessment (Form 2A) for this project and the Application for Permit to Drill (Form 2s) for the wells associated with this location.

Respectfully,

A handwritten signature in dark ink, appearing to read 'Susana', is located below the 'Respectfully,' text. The signature is fluid and cursive.
