RE: **Minimum Intra-Well Distance Waiver – COGCC Rule 318A.m.
Moser H34-769 Horizontal Well
Township 3 North, Range 65 West, 6th P.M.
Section 27: W/2
Section 34: W/2
Weld County, Colorado**

Dear Mr. Rayburn:

Noble Energy Inc. ("Noble") plans to drill the Moser H34-769 Horizontal Well (the "Well"), with a wellbore lateral as depicted on the enclosed plat.

Our records indicate that Kerr-McGee Oil & Gas Onshore LP operates the following well(s) which may be located within 150' from our proposed horizontal wellbore lateral:

Roy Moser Unit 1 API: 05-123-07922

Colorado Oil and Gas Conservation Commission ("COGCC") Rule 318A.m. provides that no horizontal wellbore lateral shall be located less than one hundred fifty (150') feet from any existing or permitted oil or gas wellbore, but this requirement may be waived in writing by the operator of the encroached upon well.

Noble respectfully requests that Kerr-McGee Oil & Gas Onshore LP waive this requirement and allow Noble to drill the Well as proposed. Accordingly, by executing this letter, Kerr-McGee Oil & Gas Onshore LP waives COGCC Rule 318A.m. and grants its consent to allow Noble to drill the Well within the 150' minimum intra-well distance provided for in said rule.

If you have any questions or need any additional information, please call me at (720) 587-2048.

Very truly yours,
NOBLE ENERGY, INC.

Eddy Roberts
