RE: DRILL PIT LOCATION  
Haven Hill 14-15 4N47W SWSW/4  
Yuma County, Colorado

Dear Mr. Buchanan,

This letter is to advise you that per COGCC Rule 604.c.(2)B.ii., we are not allowed to construct a drill pit within 1,000 feet of a residence. The proposed well location is approximately 700 feet from a residence, therefore, we would like to ask your permission to construct the drill pit, to bury the drill cuttings, approximately 350 feet Southeast of the proposed well location. The proposed pit location would be on the edge of the access road, which would alleviate any unnecessary disturbance. Please see attached map for proposed placement of pit showing the approximate coordinates of Lat 40.30864/Lon -102.61879.

Please sign below if you accept the proposed location of the pit and we will proceed with drilling the well location.

If you have questions or concerns, please contact Mr. Gary Timmer, our Landman, at the number listed below.

Very truly yours,

Augustus Energy Resources LLC

*Loni J. Davis*  
Loni J. Davis

Operations Accounting and Regulatory Specialist

I, Haven Hill Yuma, LLC as Surface Owner of the above referenced property, do hereby give Augustus Energy Resources permission to construct the pit at the proposed location.

By signing below, I acknowledge that upon receipt of this letter Augustus Energy Resources LLC may proceed with construction of the pit for cuttings burial.
