RE: **Request to the Director for 318A.o. GWA Minimum Intrawell Distance Exception
MOSER H34-750**
Niobrara New Drill
Township 3 North, Range 65 West, 6th P.M.
Section 22: SE/4SW/4: 400' FSL & 2221' FWL (Surface Location)
Weld County, Colorado

Dear Director:

Noble Energy Inc. (NEI) is planning to drill the above mentioned well to the Niobrara formation(s).

The lateral path of NEI's proposed horizontal well will be less than the 150' minimum distance from another well(s) as required by Rule 318A.o. (see wells listed below). Noble is the Operator of the encroached upon well, therefore no waiver is required. Please see Noble's Anti-Collision Mitigation BMP noted below.

MOSER 23-27 API No. 05-123-29216 Operator: Noble Energy Inc. SWNE Sec 27, T3N-R65W	Ritchey H 27-21 API No. 05-123-25904 Operator: Noble Energy Inc. NESW Sec. 27, T3N-R65W	Ritchey H 34-28 API No. 05-123-25903 Operator: Noble Energy Inc. SESW Sec. 27, T3N-R65W
---	--	--

Anti-collision:

Prior to drilling operations, Operator will perform an anti-collision scan of existing offset wells that have the potential of being within close proximity of the proposed well. This anti-collision scan will include definitive MWD or gyro surveys of the offset wells with included error of uncertainty per survey instrument, and compared against the proposed wellpath with its respective error of uncertainty. If current surveys do not exist for the offset wells, Operator may have gyro surveys conducted to verify bottomhole location. The proposed well will only be drilled if the anti-collision scan results indicate that there is not a risk for collision, or harm to people or the environment. For the proposed well, upon conclusion of drilling operations, an as-constructed gyro survey will be submitted to COGCC with the Form 5. During and Post stimulation: Noble Energy Inc. will comply with the COGCC Policy for Bradenhead Monitoring During Hydraulic Fracturing Treatments in the Greater Wattenberg Area dated 5/29/12.

Noble respectfully requests that the COGCC review the enclosed information and approve the requested exception location Application for Permit to Drill the captioned well.

Respectfully,

Susan Miller
