Doug,

Please find attached photos of the dwelling near the O'Hare 1-29 PAD/PIT. As stated below, no one is occupying these buildings/dwellings.

Doug, please let me know if we can receive this permit today. I need to put in the Notice of Construction because we are planning to frac the O'Hare wells beginning of November and need time to build and fill the pit. Thank you so much for all your help

Subject: Ohare pit area photos of old homestead

Attached are photos from URS that they took when they surveyed the 1-29 pad. They confirmed that no one is occupying the buildings or dwellings.
