Subject: Form 4 Sundry Notice - State Elbert-1H & State Massive-1H

Dear Mrs. Aldrich:

To aid in the submittal of a Form 4 Sundry Notice, please accept this letter as record of CB&I's attempts to contact landowners in possession of water wells located within ½ mile of the proposed State Elbert-1H & State Massive-1H location (Location) to meet the requirements for baseline water monitoring as part of the Colorado Oil and Gas Conservation Commission (COGCC) Rule 609. The below is a summary of actions taken to contact landowner within ½ mile of the Location:

- November 21, 2013 – Requests to participate in the baseline groundwater sampling program sent to all available landowners having permitted wells within ½ mile of the Location and landowners having permitted wells within 1 mile of the Location via USPS Certified Mail with Return Receipt
 - State of Colorado; well permit no. 48145F; located, NE NE 11 5.0S 65.0W Sixth 72 N 500 E
 - State of Colorado; well permit no. 67968F; located, NE NE 11 5.0S 65.0W Sixth 510 N 890 E
 - State of Colorado; well permit no. 282758; located, NE NE 11 5.0S 65.0W Sixth 450 N 950 E
 - State of Colorado; well permit no. 178112; located, SW SW 2 5.0S 65.0W Sixth 980 S 4100 E
- November 27, 2013 – USPS Return Receipts received by CB&I from all listed landowners, confirmed landowner receipt of baseline water sampling program information and requests to sample.
- As of the date of this letter, no indication of a desire to participate in a baseline water sampling program has been received by CB&I from the landowners having wells located within ½ mile or 1 mile of the Location.

Due to the lack of responses from the landowners having wells located within ½ mile of the Location, it is recommended that a Form 4 Sundry Notice be prepared for the Location.

If you have any questions regarding this summary please don't hesitate to contact me at 303-741-7052.

Sincerely, 

Daisy Young, G.I.T.
Geologist, CB&I
