Dave,

Here is the signed page 2 of the Form 27 with COA.

Rob

Rem. #8697

On Wed, Oct 29, 2014 at 11:06 AM, Young - DNR, Rob <rob.young@state.co.us> wrote:

Dave,

Attached is the approved Form 27 for the above referenced location, please note COA. Please reference remediation number 8697 on all future correspondence.

Thank you,

OGCC Operator No: _____
Received Date: _____
Well Name & No: _____
Facility Name & No: _____

OGCC Employee: _____

If groundwater has been impacted, describe proposed monitoring plan (# of wells or sample points, sampling schedule, analytical methods, etc.):

Not Applicable

Describe reclamation plan. Discuss existing and new grade recontouring; method and testing of compaction alleviation; and reseeding program, including location of new seed, seed mix and noxious weed prevention. Attach diagram or drawing. Use additional sheet for description if required.

After testing soil sample from base of the pit, if the analytical results comply with concentration levels set forth in Table 910-1, backfill pit using excess soil available on site. Pit area will be restored to original grade. Location of pit is within confines of tank battery site and therefore it will not be reseeded at this time.

Attach samples and analytical results taken to verify remediation of impacts. Show locations of samples on an onsite schematic or drawing.

Is further site investigation required? ☐ Y ☐ N If yes, describe:

*This information will be provided after all the source material has been removed from pit.

Final disposition of E&P waste (landtreated and disposed onsite, name of licensed disposal facility, recycling, reuse, etc.):

Clean Harbors – Deer Trail Colorado disposal facility.

IMPLEMENTATION SCHEDULE
