Paul,

I am a new Oil & Gas Location Assessment Specialist with the COGCC. I will be taking over the area of the state that was formerly held by Rob Young as he has moved to a field based Environmental Protection Specialist position with the COGCC.

COGCC is reviewing the Form 2A for NGL Facility C5, document number 400706275. In order to complete our review of this Form 2A, please respond via email regarding the following:

1. Under Related Remote Locations, this Form 2A appears to be associated with Form 2A doc number 400702651. With your concurrence, I will add the Related Form 2A document number.
2. Under the cultural distance information, the Buffer Zone box is checked, yet the nearest building unit is greater than 1,000 feet away. With your concurrence, I will remove the "X" for the Buffer Zone Box.
3. The Plant Community information does not need to be completed as under the Current and Future Land Use is indicated as cropland. With your concurrence, I will remove information under Plant Community.
4. Location pictures are not attached and are required with every Form 2A. Please send location pictures to attach to the Form 2A.

If you have questions, please contact me directly.

Thank you,

Rebecca Treitz

Rebecca,

Congratulations on your new position!

I will list your numbers here and respond to each accordingly:

1. Agreed – they are related.
2. Agreed – please remove the X.
3. Agreed – since this is Cropland.
4. Location Pictures are attached – they just harvested the crops last week.

Thank you and please let me know if you need anything further.

Paul

Paul,
One more question on the Cultural Distance information section. The 305a Buffer Zone Notification is filled in.
Was this actually sent to someone or should the date be removed?

Thank you,
Rebecca

Rebecca,

It was sent – I would not claim it was if it was not.

We sent them based upon the Building Unit being within 1000' of the Perimeter of the Facility – just in case.

Paul,
Thank you for responding right away. I will make the changes and upload the attachments.

Rebecca
