Environmental	A review of data on the COGCC website indicates that there are no potentially available water sources, other than those addressed by the operator, within the governmental quarter section of the proposed oil and gas well or within any un-sampled governmental ¼ section within a ½ mile radius of the proposed oil and gas well(s). One well permit is shown on the COGCC map but it does not appear that the well was constructed.	11/19/2014 8:25:43 AM
