Peter,

Pioneer would like to withdraw the attached approved Form 27 for the Antelope 13-32 offsite pit, facility 257208. There was a miscommunication and we would like to add this offsite pit to our monitoring plan, not close it. No dirt work has been done to it and we plan to leave it as is. The pit was inspected by field personnel and appears to still have high integrity for continuing to store produced water from the Antelope 13-32 well.

Thanks,

David Castro
