**Inspector Comment:**

This inspection report is a repetition of Inspection report # 671000075. Emails were updated in this report and a photo report has been attached (missing in the previous report. Otherwise, comments are the same. Maralex is conducting maintenance and upgrading the facility. MIT has been completed recently. Tank has sign in place. No junk found on premises. No staining found near tank, wellhead, or other installations. Some weeds within tank secondary containment. API # not displayed on site. Pad area apparently larger than needed. Interim reclamation should be considered. No pits on this location.
