1. Compensation for Well; Release of All Claims

KMG shall pay to Surface Owner the sum as set forth in and according to the terms of that certain Letter Agreement by and between Surface Owner and KMG, dated July 11th, 2014, as full and final settlement and satisfaction for any and all detriment, depreciation, injury or damage of any nature to the Lands or growing crops thereon that may occur as a result of KMG drilling or completion operations or its continuing activities for the production or transportation of oil, gas, or other hydrocarbons or products associated with the foregoing including, but not limited to, surface use, access, mud and reserve pits, wellhead equipment, separators, tank batteries, pipelines, gathering lines, flowlines, pipeline interconnections, and any and all other reasonable or customary uses of land related to said operations or activities. 2. Grant of Right of Way and Easement

Surface Owner hereby grants, bargains, sells, assigns and conveys to KMG an easement and right-of-way for the purpose of constructing, using and maintaining access roads, locations for surface equipment and subsurface gathering lines for each well drilled upon the Lands, pipelines, and pipeline interconnections for one year from the date of commencement of surface activities for drilling operations and so long thereafter as oil or gas is produced or capable of being produced from any well drilled on the Lands, provided however, no easement or right-of-way is granted across any irrigation circle or which would interfere with any existing improvements.

Surface Owner further agrees that, Kerr-McGee Gathering LLC, an affiliate of KMG, or another third party gas gatherer designated by KMG, may exercise the easement rights described herein.
