Subject: Removal of COA wells

To: [mike.hickey@state.co.us](mailto:mike.hickey@state.co.us), [diana.burn@state.co.us](mailto:diana.burn@state.co.us)

Good evening,

Noble Energy would like the Dinner 15-2, API 05-123-11166 to be removed from the permit of the Eagle E14-63-1HN, Eagle E14-62-1HN, Eagle E14-79HN, Seneca E15-72-1HC, Seneca E15-72-1HN, Reliance E23-79HN, and the Tahoma E22-69HC. All of these wells are on the Reliance E23-79 site. The Dinner 15-2 was adequately plugged in 2000 and does not need re-entered.

We would like the Palser E 14-10, API 05-123-16117, removed from the following permits. The Eagle E14-64-1HN, the Eagle E14-65-1HN, Eagle E14-67-1HNA, and the Eagle E14-67-1HNC. It was adequately plugged in 2003 and does not need re-entered.

Thank you,

Jake Eicher  
Production Engineer  
Wattenberg Business Unit
