Dave,

My API's check with what you show below so no confusion on the wells.

I appreciate you working with us on the extensions. We should not have a problem finishing the program ahead of 1/31/15.

Thanks,

Chris

Subject: Re: Wexpro Powder Wash P&A Approval Expirations

Chris,

A copy of this email is being added to the following COGCC well files:

- 081-06165, Jacks Draw Unit #13
 - No additional plugs required, other than the added plug that was already specified as COA #3 on Form 6 #400612136. The expiration date for Form 6 #400612136 is hereby extended to 1/31/2015.
- 081-06193, Donnell, J C #12
 - No additional plugs required, other than plugging changes already specified as COA #3, COA #4, and COA #5 on Form 6 #400612104. The expiration date for Form 6 #400612104 is hereby extended to 1/31/2015.
- 081-06177, Musser, B W #17
 - No additional plugs required, other than plugging changes already specified as COA #3 and COA #4 on Form 6 #400611894. The expiration date for Form 6 #400611894 is hereby extended to 1/31/2015.
- 081-07283, Musser #25
 - No additional plugs required, other than plugging changes already specified as COA #3 and COA #4 on Form 6 #400611983. The expiration date for Form 6 #400611983 is hereby extended to 1/31/2015.

1/31/2015.

- 081-05481, Allen, C. "A" #14
 - No additional plugs required, other than plugging changes already specified as COA #3 and COA #4 on Form 6 #400611810. The expiration date for Form 6 #400611810 is hereby extended to 1/31/2015.

You did not provide API Numbers, so please verify that my list of wells matches your list of wells. Well names may be slightly different, but the well numbers match.

Thanks,

Dave

Dave,

We have begun the P&A work on the five Powder Wash wells approved last June however we are going to overrun the approval expiration on three or four of the wells by a few weeks as tabled below. Do you need us to file additional paperwork or will this Email update suffice for notification?

Let me know if you have any questions regarding this.

Thanks,

Chris Beilby
