Operator Comments:

This sundry is being submitted per requirement of Notice to Operators - Procedures for Setting Conductor Pipe as the well will not be drilled within 30 days of conductor pipe being set. The Tompkins well pad (Loc ID 438312) has been constructed and is scheduled for drilling operations beginning in September of 2015 (subject to change). Ursa would like to leave the 15 conductors in place to support our drilling schedule. 16" Conductor pipe was set on 12/09/2014 at a depth of 60' with 70 sxs.

I hereby certify all statements made in this form are, to the best of my knowledge, true, correct, and complete.
