**COMMENTS**

Access request letters were sent to landowners with potential water sources within the 1/2 mile radius of location GM 13-33 (Location ID 323902). Access was granted to sample all sources. However, two sources were determined to be unsuitable for testing. One source lacked power to its pump, and one source was unsuitable due to its status as a hydrocarbon recovery remediation well. The only source sampled was Facility 753285. Please see attached document for details. This sundry applies to the following API numbers:

05-045-22490  
05-045-22491
