Operator Comments:

In order to improve slope stability, erosion control and re-establish vegetation the degree of slope has been engineered 2:1 increasing the total surface disturbed area from 9.97 to 10.51 acres. The reclamation area will increase from 1.4 to 1.8 acres. Updated location/construction drawings have been attached along with a Waiver and Consent executed by the landowner.

I hereby certify all statements made in this form are, to the best of my knowledge, true, correct, and complete.
