**RE: COGCC Rule 306.e.: Meetings with Building Unit Owners within a Buffer Zone Setback
COGCC Rule 306.e.(5): Operator Certification
Westwind 7-P Pad: Lot 2 SW4 Section 7, Township 6 North, Range 67 West
Weld County, Colorado**

Dear Mr. Lepore,

Extraction Oil & Gas, LLC (Extraction) has filed the Form 2A Oil and Gas Location Assessment (OGLA) for the proposed oil and gas pad referenced above.

Pursuant to COGCC Rule 305.c., Extraction certifies that the required notifications to all Building Unit Owners within the Buffer Zone Setback were sent and was available for meeting and/or consultation. Extraction received three requests for meeting and/or consultation from the Helzer Family, the Hoff Family and the Sondrup Family. Jamison McIlvain held a meeting on January 10, 2015 at 2:00pm with all three families. Their three concerns were in regards to the timing of drilling, layout of the facilities, and the access road. All concerns were addressed to the satisfaction of all Building Unit Owners at the meeting. This letter serves as Operator Certification that Extraction has complied with COGCC Rule 306.e.

Extraction respectfully requests the COGCC approve the Form 2A for the Westwind 7-P Pad. Many thanks for your consideration of this matter.

Respectfully,

A handwritten signature in blue ink, appearing to read "Jennifer Grosshans", is written over a circular stamp or seal.
