RE: COGCC Rule 318A.n. Minimum Intrawell Distance  
Kodak #3  
NWNW Section 27, Township 6 North, Range 67 West  
Weld County, Colorado

Dear Mr. Lepore,

Extraction Oil & Gas LLC ( Extraction) has submitted an application for a drilling permit for the referenced well. As currently planned, the wellbores of the following wells listed will lie within 150 feet of the proposed horizontal lateral of the referenced well:

1. Diamond Valley East #1 (05-123-38565) Extraction, operator
2. Kodak #2 (05-123-40776) Extraction, operator

Prior to drilling operations, Extraction will perform an anti-collision review of existing offset wells that have the potential of being within close proximity of the proposed well. This anti-collision review may include MWD or gyro surveys and surface locations of the offset wells with included error of uncertainty per survey instrument, and compared against the proposed wellpath with its respective error of uncertainty. If current surveys do not exist for the offset wells, Extraction may have gyro surveys conducted to verify bottom hole location. The proposed well will only be drilled if the anti-collision review results indicate that the risk of collision is sufficiently low as defined by the anti-collision plan, with separation factors greater than 1.5, or if the risk of collision has been mitigated through other means. In the event of an increased risk of collision, that risk will be mitigated to prevent harm to people, the environment or property. For the proposed well, upon conclusion of drilling operations, an as-constructed directional survey will be submitted to the COGCC with the Form 5. COGCC Rule 318A.m. does not allow the lateral of a horizontal well to be drilled within 150 feet of other wells unless this requirement is waived by the operator of the encroached-upon well(s). Extraction is the Operator of the encroached-upon wells and respectfully requests the COGCC accept this Operator Request Letter to allow the lateral of the proposed well to be drilled.

Respectfully,

Nick Curran  
Agent for Extraction Oil & Gas LLC
