Operator Comments:

Noble requests the subject well spacing unit configuration be changed from 2S-61W-9: NE/4NE/4, 40-acres to 2S-61W-9: NE/4, 160-acres. The original permit incorrectly requested a 40-acre unit. Pursuant to the mineral lease, Item 7, Pg 2, (copy attached) the spacing unit should consist of more than 40-acres for this J Sand well. Noble also requests COGCC update their records to show the correct well name and number as follows: Morehead 41-9 1. Records show a Form 10 dated 9/4/2007 showed an incorrect well name and number.

I hereby certify all statements made in this form are, to the best of my knowledge, true, correct, and complete.
