Colorado Oil and Gas Conservation Commission

1120 Lincoln Street, Suite 801

Denver, CO 80203

Attn: Mr. Matt Lepore, Director

RE: Request to the Director for 604.b.(1).A. Exception Location (existing Oil and Gas Location now within a Designated Setback as a result of Rule 604.a.)

Facility #5 (Surface Location)

Township 1 North, Range 67 West, 6th P.M.

Section 4: NESE 1,861' FSL & 782' FEL (Surface Location)

Weld County, Colorado

Dear Mr. Lepore:

K.P. Kauffman Company, Inc. (KPK) will increase the size of the disturbed area of the above referenced production location. This facility serves as a production location for the wells in the attached spreadsheet. The surface location of KPK's facility has been mutually negotiated with the surface owner in order to install five (5) additional Emission Control Devices (ECD). This construction will take place on or around December 1, 2014.

In consideration of the foregoing, KPK kindly requests that current setback rules contained in Rule 604.b.(1).A. be waived for this permit application given that it is being filed as a result of additional disturbed area on an existing location.

Thank you for your attention to the enclosed. KPK respectfully requests that the COGCC review the enclosed information and approve the requested location waivers and Application for Permit of Amended of Existing Location.

Respectfully,

A handwritten signature in black ink, appearing to read 'Ronnie Prado', is located below the 'Respectfully,' text.

Ronnie Prado

Engineer
