Ladies,

In accordance with the requirement of Rule 305.f. of the Colorado Oil and Gas Conservation Commission (COGCC), this letter serves as notice by PDC Energy, Inc. (PDC) of its intention to conduct drilling operations with heavy equipment on the above-captioned wells not less than thirty (30) days from the date of this letter. Our current drill schedule shows drilling start date of the end of March, 2015.

This notice is following up on our conversations and discussions regarding the location of this well site(s), access roads, production facilities, and other related matters. However, the location(s) may be staked prior to this notice as discussed in consultation. Our initial consultation date to discuss PDC's proposed drilling was January 17, 2014.

Additionally, enclosed please find a copy of the COGCC's brochure describing surface owner rights and responsibilities, and a copy of the COGCC's on-site inspection policy.

As the surface owner, you have the responsibility for notifying any affected tenant farmer, lessee or other party that may own or have an interest in any crops or surface improvements that could be affected by these proposed operations.

A complete copy of the COGCC rules and policies is available at the following website: <http://cogcc.state.co.us/>.
