						No BMP's were present

S/A/V: **ACTION REQUIRED** Corrective Date: **03/27/2015**

Comment: **There was no BMP's in place at the time of the inspection. The location and access road is susceptible to erosion. Vehicle traffic from the location was tracking mud onto Highway 96.**

CA: **Implement BMP's where needed around the location and along the access road to prevent erosion and vehicle tracking onto the highway.**

Pits: NO SURFACE INDICATION OF PIT

COGCC Comments		
Comment	User	Date
There did not appear to be enough topsoil salvaged. It was noticed at the time of the inspection that topsoil was being compacted and mixed in with other material. Provide details of how much topsoil was salvaged and where the topsoil is stored and how it is being protected from oil/gas activities.	CostaR	03/16/2015

ACTION REQUIRED

ANY ACTION REQUIRED items listed on this report indicate that the oil and gas facility or the oil and gas operations listed on the report may be in violation of the rules and regulations of the Colorado Oil and Conservation Commission (“COGCC”) and corrective action is required.

There is reasonable cause to believe that a violation of the Oil and Gas Conservation Act, or of any rule, regulation, or order of the Commission, or of any permit issued by the Commission, has occurred. The Operator’s compliance with this Inspection Report is required to resolve these alleged violations. This document requires the Operator to timely respond to the COGCC and to comply with directives as listed by the **Corrective Action Deadline Date**. Failure to do so will result in the issuance of a Notice of Alleged Violation and initiation of enforcement proceedings in which COGCC will seek monetary penalties for the alleged violations pursuant to § 34-60-121, C.R.S. and Rule 523, COGCC Rules of Practice and Procedure, 2 CCR 404-1. (Please note that the COGCC's penalty authority was recently increased to a maximum of \$15,000 per day and penalties are no longer capped at a maximum of \$10,000 per violation.)
