Inspector Comment:

Site visit on March 13 and 19, 2015 is a follow-up to 1) Inspection #674701031, 2) e-form 04 doc #400768403 (permit to install two metal container), 3) REM # 8164, general Form 27 submitted to remove partially buried tanks from 19 different sites (Unocal 4 is one of them), 4) Spill report doc #2147297, submitted to report historical release found during tanks removal. Wellheads are fenced. Above ground storage tank has secondary containment, is lined and signs are in place. No junk was found on the premises. There is a bermed landfarm operation on the north side of the pad. Some weed. Some pieces of plastic mixed in. The two metal containers have a fence for wildlife protection, as requested by inspection #674701031. Water in container (stormwater?) with some free product. Must be removed.

ACTION REQUIRED

ANY ACTION REQUIRED items listed on this report indicate that the oil and gas facility or the oil and gas operations listed on the report may be in violation of the rules and regulations of the Colorado Oil and Conservation Commission (“COGCC”) and corrective action is required.

There is reasonable cause to believe that a violation of the Oil and Gas Conservation Act, or of any rule, regulation, or order of the Commission, or of any permit issued by the Commission, has occurred. The Operator’s compliance with this Inspection Report is required to resolve these alleged violations. This document requires the Operator to timely respond to the COGCC and to comply with directives as listed by the **Corrective Action Deadline Date**. Failure to do so will result in the issuance of a Notice of Alleged Violation and initiation of enforcement proceedings in which COGCC will seek monetary penalties for the alleged violations pursuant to § 34-60-121, C.R.S. and Rule 523, COGCC Rules of Practice and Procedure, 2 CCR 404-1. (Please note that the COGCC's penalty authority was recently increased to a maximum of \$15,000 per day and penalties are no longer capped at a maximum of \$10,000 per violation.)
