S/A/V: **ACTION REQUIRED** Corrective Date: **05/04/2015**

Comment: Stormwater erosion taking place on southeast corner location. Well pad is at head of small drainage and an ideal candidate for erosion control measures on the southeast corner which could include use of BMPs or encouraging revegetation. This was also identified as a Corrective Action Required on the previous inspection #669400507 performed on 03/25/2013 and has not completed.

CA: Install and impliment appropriate BMP's to control stormwater erosion on SE corner of location.

Pits:  NO SURFACE INDICATION OF PIT

## **ACTION REQUIRED**

**ANY ACTION REQUIRED** items listed on this report indicate that the oil and gas facility or the oil and gas operations listed on the report may be in violation of the rules and regulations of the Colorado Oil and Conservation Commission (“COGCC”) and corrective action is required.

There is reasonable cause to believe that a violation of the Oil and Gas Conservation Act, or of any rule, regulation, or order of the Commission, or of any permit issued by the Commission, has occurred. The Operator’s compliance with this Inspection Report is required to resolve these alleged violations. This document requires the Operator to timely respond to the COGCC and to comply with directives as listed by the **Corrective Action Deadline Date**. Failure to do so will result in the issuance of a Notice of Alleged Violation and initiation of enforcement proceedings in which COGCC will seek monetary penalties for the alleged violations pursuant to § 34-60-121, C.R.S. and Rule 523, COGCC Rules of Practice and Procedure, 2 CCR 404-1. (Please note that the COGCC's penalty authority was recently increased to a maximum of \$15,000 per day and penalties are no longer capped at a maximum of \$10,000 per violation.)
