**Inspector Comment:**

This is a followup inspection to inspection number 667100306. Stormwater controls have been installed and are in good condition. Surface owner was present at the followup inspection. It was mentioned that BP vehicles are driving west off of the well pad when exiting the location. This has created a new two track road that will require reclamation. See attached photos and comments below for additional detail.

Comment: Cobble channel armoring and straw wattle erosion controls have been installed since the Decmeber 19, 2014 inspection. These appear sufficient to control stormwater erosion at this time. Stormwater controls will likely be needed to stabilize the area where vehicles have been driving off of the western edge of the well pad until it is revegetated.

Location does not meet reclamation regulations. Area where vehicles have been exiting from the western edge of the well pad needs to be reclaimed by May 15, 2015. Weeds need to be controlled at the appropriate time but no later than seedhead maturity in 2015.	RoyC	04/17/2015

## **ACTION REQUIRED**

**ANY ACTION REQUIRED** items listed on this report indicate that the oil and gas facility or the oil and gas operations listed on the report may be in violation of the rules and regulations of the Colorado Oil and Conservation Commission (“COGCC”) and corrective action is required.

There is reasonable cause to believe that a violation of the Oil and Gas Conservation Act, or of any rule, regulation, or order of the Commission, or of any permit issued by the Commission, has occurred. The Operator’s compliance with this Inspection Report is required to resolve these alleged violations. This document requires the Operator to timely respond to the COGCC and to comply with directives as listed by the **Corrective Action Deadline Date**. Failure to do so will result in the issuance of a Notice of Alleged Violation and initiation of enforcement proceedings in which COGCC will seek monetary penalties for the alleged violations pursuant to § 34-60-121, C.R.S. and Rule 523, COGCC Rules of Practice and Procedure, 2 CCR 404-1. (Please note that the COGCC's penalty authority was recently increased to a maximum of \$15,000 per day and penalties are no longer capped at a maximum of \$10,000 per violation.)
