Dear Mr. Lepore,

This letter hereby certifies that Ward Petroleum Corporation (Ward) complied with Rule 306.e. for the above referenced Oil and Gas Location. All Building Unit Owners within the buffer zone were sent certified letters notifying them that Ward is seeking an oil and gas permit and associated Oil and Gas Location Assessment.

To date, the only meeting requested was held on April 8, 2015 with Mr. Alex Abeyta, the real estate representative for Mr. Anselmo Rodriguez and Mr. Rodriguez. Representatives for Ward met Mr. Abeyta and Mr. Rodriguez on location to discuss the location during and after operations, the drilling and completions process as well as a timeline for operations. Ward continues to be available for additional meetings and conversations with nearby owners.
