Michael,

I have reviewed the referenced Form 2A Oil & Gas Location Assessment and have the following comment.

In the Related Remote Locations you have indicated this well pad will produce to the Horsetail 08D Pad (Location ID#159741). However, the approved Form 2A for the Horsetail 08 Production (Location ID#440977) indicates both the Horsetail 08A wells and the Horsetail 08D wells will produce to it. Please confirm where the wells on this Horsetail 08A Pad will produce to.

Please respond to this correspondence by June 8, 2015. If you have any questions, please contact me. Thank you.

Doug,

Whiting plans to produce the first few wells from the Horsetail 08A to the Horsetail 08D Pad (Location ID#159741). When the rest of the wells are drilled production will be moved to the Horsetail 08D Pad (Location ID#159741).

Please contact me if you have any other questions.

Thanks,

Michael,

I think you meant to state: "When the rest of the wells are drilled, production will be moved to the Horsetail Production pad (Location ID#440977)"? Please confirm.
