Ms. Beaver:

As required by Rule 901.d. please find enclosed a Form 4 Sundry notice identifying all of Gerrity Oil & Gas Corporation (Gerrity) operated production pits and buried or partially buried produced water vessels in the State of Colorado. I have identified approximately 712 facilities with a total of 738 buried or partially buried produced water vessels. Gerrity has no active production pits. Please contact myself at (303) 939-8585 or Ken Wonstolen at (303) 757-1110 if you have any questions.

Sincerely,

Clayton L. Miller
Production Manager
