Re: Pit inventory reports

Dear Robin Reade:

The following will explain my position concerning the pit inventory reports.

First I have no pits at this time nor did I on June 30, 1995.

Secondly, until I recieved your recent letter of January 30, 1998, I was not aware of the pit report requirements. I believe the previous operator of most of the leases that I operated in Colorado(Mesa Verde Engery) recieved the forms and required information and failed to forward them to me.

I hope you will review this explanation favorably. If you have futher questions I can be reached at the above address or by phone at 970-565-8349

Sincerely,

*Bob Wright*
