## COMMENTS:

Due to engineering concerns and emerging data, four of the wells at this location are being abandoned, and other wells are moving surface holes for more efficient disturbance and operations. A revised multi-well plan is attached. Please change the equipment count at this location to reflect eight (8) wells and eight (8) pump jacks. This pad will produce to the Faith LC34-785 Multi (Loc ID 440020). The permitted equipment at that location will be sufficient without adding additional equipment.
