**COMMENTS**

Three water sources were identified within a 1/2 mile radius of well pad GM 41-4 (Location ID 333109). One well was excluded from consideration due to lack of permit number and lack of construction report. Two springs were identified and access was granted for sampling. Broad field reconnaissance was conducted, and springs were unable to be located; no water samples were collected. Please see attached documents for details. This sundry applies to well API 05-045-22880.
