Complaint Issues

<u>Category</u>	<u>Assigned to</u>	<u>Description</u>
WATER WELL	John Axelson	WELL WATER/ GROUND WATER:

We have a private well for use as our outdoor water supply. After 12 years without any incidence, last summer the majority of our lawn and trees died. I took samples of the water to the Weld County Health Department and there were unusually high levels of nitrates and other contaminates. We had to switch our water to Weld Central Water District supply, treat the lawn, and remove several trees.
