Phil,

COGCC has reviewed and approved the Form 27 Site Investigation and Remediation Workplan for the Coughlin Red VV 22-1, 22-2 tank battery location (API 05-123-16665/ Location ID 328953). COGCC has assigned Remediation Project #9109 to this project. Please refer to this Remediation Project number on all future correspondence. A copy of the approved Form 27 is attached for your records.

Finally, Spill tracking #400720388 (Spill Facility ID 439679) can be resolved. Please submit a Supplemental Spill Report using eForm. Request closure of the spill by checking the "Work proceeding under an approved Remediation Project" on the Request for Closure tab.

Contact me with any immediate questions regarding this project.

Thank you,

Rick Allison, P.G.
