Jacob - After review of the documentation the COGCC staff agree with the reduction of monitoring locations for ongoing investigation work. Monitoring wells that Noble will continue to monitor are: MW 01, MW02, MW03, MW04, MW06, MW07 and MW08. All other monitoring locations can be removed from future sampling.

PS- On future request, please have LT put the remediation # on the submittal. Thanks.

Bob

Bob,

Please review the attached Groundwater Data and Monitoring Well Reduction Request (See LTE's email below).

Please respond via email if this is adequate

Thanks

Jacob

Subject: EXTERNAL: FW: State 16-1614 2nd Qtr 2015 GW Deliverable and MW Reduction Request

Jacob,

Forgot to mention that we are requesting a reduction in the monitoring program. Given the GW results, we propose to monitor 01, 02, 03, 04, 06, 07, and 08.

Thanks,

Chris Roy
