

Photo 1. View of western edge of project area from southwestern corner facing northward. Location is situated in a pasture. Brown vegetation appears to have been treated and is comprised of a mixture of ruderal grasses and forbs such as cheatgrass (*Bromus tectorum*) and flixweed (*Descurainia sophia*).

Photo 2. View from southwestern corner of project area facing center.

Photo 3. View of southern portion of project area from southwestern corner facing eastward.
