Kent & Shauna:

I've attached the letter documentation from two (2) new NOAV's that are being issued at 1) the Pinon Mesa Meter Run and 2) Turner #2/Compressor station. Both are related to pit and environmental issues and complete documentation is being put into certified mail today.

Please feel free to call me to discuss once you receive the full packages. We are more than willing to work with Star to correct these issues in a timely manner.

Thank-you.
