COMMENTS

Water well (Receipt No. 9090460) was unable to be sampled due to the well being inoperable on June 15, 2015. There are two (2) stock tanks which are fed by the water well, both of which were dry. The water well vault was inaccessible and the fill valve for both egress locations are no longer operable. Cascade is requesting an exemption from sampling the required 6-12 month post-completion sample due to inoperable well conditions which were observed via site visit (attempt to sample) on June 15, 2015.
