OIL & GAS COMMISSION

RE: Domestic Well Samples

Dear Mr. & Mrs. Crook:

The well was sampled by a third party on 22 May 2000 and the methane concentration was <0.02 mg/l.

The field and lab results for general water chemistry, cations, anions, and metals are similar to the 1998 and 1999 results.

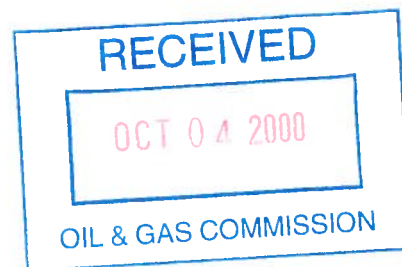

Very Truly Yours,

J. M. HUBER CORPORATION

J. Scott Zimmerman  
Manager- Coal Bed Methane
