**Colorado Oil and Gas Conservaton Commission (COGCC)
Onsite Inspection Request Form
(Effective for APDs submitted after February 15, 2005)**

As the surface owner(s) where a proposed well is being drilled, I/we are requesting that the COGCC conduct an onsite inspection. I/we did not execute a lease nor did I/we execute a surface use or other relevant agreement for the proposed well. I/we understand that good faith consultation with the operator as required under COGCC Rule 306. is required to have occurred prior to making this request to the COGCC to conduct an onsite inspection, and that this onsite inspection request must be received by the COGCC within ten (10) business days of the first day of the Rule 306. consultation.

Surface Owner Contact Information:

Name: Jake J Simmons III
Address: 32649 WCK 53 Greeley CO 80631
Telephone No. 970-353-3517
Cell Phone No. 970-381-9017

Well Operator and Location Information:

Operator: Apollo Enterprises
Well Name: _____
Location: _____
County: Weld

Quarter/Quarter 20 Section 6N Township 6W Range

First date Rule 306. consultation occurred: _____
Date

Proposed two (2) dates for the COGCC onsite consultation (must be within thirty (30) days of the request)

1st date _____ 2nd date _____

I would prefer to have a representative of the appropriate Local Government (COGCC Local Governmental Designee) invited to attend the onsite inspection? yes ___ no

Briefly describe the unresolved issues related to the proposed well (The onsite inspection shall not address matters of surface owner compensation, property value diminution, future use of the property or any private party contractual issues between the operator and the surface owner.)

my dirt IRRIGATION IS in the way of the DRILLING procedures, although, I have proposed a solution they have denied my OFFER & are going to FORCE themselves on my land.

Signature(s) [Signature] Date 9-9-08

Please fax or first class mail this request for an onsite inspection to:

Summary on getting my in or next 30 days
PDC is operator now
Steve Tracy Tracy 970 539-1265
Drill 8 wells. NO SLW. Outside bedroom window
Biggest concern is noise especially in their mt apartment

8/11 Steve Tracy (970) 539-1265 PDC

8/12 Steve Tracy - called bank
(970) 539-1265

8/12 Steve Tracy. NO applications in yet. Well will be on ^{Drill} Farmer property
Tank battery on Simmons property. Farmer + Simmons don't
care for each other. (which may be source of Farmer's concern
noted in his onsite request)

9/9 - Steve Tracy - thinks he is OK w Simmons as Simmons
wants to do work for

Simmons - he is concerned about some impacts & and has requested
some border

farmerandfarmer.com

9/9 Jake Simmons (970) 387-9017

From PDC, he wants tank battery road further from house, sand burner dug drilling, and master svc. agreement to do all the construction work on his property.

I told him that we had about a month to get the permit thru ES&C and would call him next Monday.

Simmons wants to keep OIR active and invite me up for a visit and lunch.

message:

Per a request from Jake Simmons, the following is the oil lease he has discussed with you.

SURFACE DAMAGE AGREEMENT

THIS SURFACE DAMAGE AGREEMENT ("Agreement") is entered into by and between Jacob J. Simmons and Wendy Y. Simmons ("Owner"), whose address is 32649 CR 53 Greeley, CO 80631-9641, the owner of the surface estate in the Township 6 North, Range 64 West Section 20: E/2NE (the "Property"), and Petroleum Development Corporation ("Company"), whose address is 1775 Sherman Street, Suite 3000, Denver, CO 80203 (individually, a "party;" together, "the parties").

WHEREAS, Company owns the leasehold right of ingress and egress across the Property and to use so much of the surface as is reasonably necessary to explore for and produce oil and gas; and,

WHEREAS, Company and Owner desire to enter into this Agreement as a supplement to, but not in derogation of, Company's leasehold rights, including the right to drill future wells in addition to those enumerated herein;

NOW THEREFORE; in consideration of agreement to pay the sum of \$ 61,000.00 the sufficiency of which is hereby acknowledged, prior to the spudding of the well or wells described below (the drilling of each well shall be at the sole discretion of Company), and the mutual promises and covenants contained herein:

Owner hereby releases and discharges Company, its agents, employees, contractors and licensees from and against any and all claims by Owner for damages, of whatsoever nature and character, including, but not limited to, diminution in value of the Property, arising from, incident to, or in connection with Company's oil and gas operations on the Property, including, but not limited to: geophysical exploration, surveying, locating, drilling, stimulating, completing, restimulating, recompleting, deepening, producing, maintaining, plugging, and abandoning the oil and gas well(s) shown below; installing and operating pipelines and production facilities necessary or convenient for the operation of the well(s); and, constructing, maintaining and reclaiming the well pad(s), production facilities, pipelines and roads (collectively the "Operations") (the well(s) and production facilities are hereinafter collectively referred to as the "Well(s)");

Well name: Simmons: 20RD, 41-20D, 20CD, 31-20D, 20VD, 20ND, 32-20D, 42-20D

Legal Location: Township 6 North, Range 64 West, 6th P.M.
Section 20: E/2NE

Weld County, Colorado

AND,

Owner hereby grants, demises and conveys such easements and rights-of-way on and across the Property as may be necessary or convenient for the Operations.

ADDITIONAL PROVISIONS

1. Company may exercise its rights hereunder for all purposes necessary or convenient for Company to perform the Operations, including the right of unimpeded ingress and egress across the Property to access the Well(s), and to install and operate pipelines. Company may assign or delegate to a third party the right to install and operate pipelines in order to connect the Well(s) to a gas gathering system. The access easement shall be non-exclusive and may be used by Owner and its successors, lessees and assigns so long as such use does not interfere with the Operations.

2. Notwithstanding Owner's release of Company from any and all damage claims incident to normal and customary Operations, Company shall compensate Owner for damage to personal property or to improvements on the Property, such as damage to buildings, fences, gates, culverts and livestock, and for other such extraordinary losses or physical damages caused by Company. Company agrees to promptly compensate Owner for such extraordinary losses and physical damages. Any failure to reach mutual agreement with respect to such compensation shall not, however, be deemed to constitute a breach or abrogation of this Agreement, nor to terminate or diminish the grants, conveyances, rights and obligations contained herein.

3. Company hereby agrees to indemnify and hold Owner harmless from and against any and all third party claims, losses, liability, damages, and causes of action for personal injury or property damage arising out of Company's Operations, unless, and to the extent that, Owner's negligence causes or contributes to such third party claims.

4. Owner has requested that all consultation be conducted directly with Owner. Accordingly, Owner shall have the responsibility of notifying any affected tenant, lessee or other party who may own or have an interest in any crops or surface improvements which could be affected by the Operations. Owner agrees that all damages claimed by a surface tenant, lessee or other such party resulting from the Operations shall be settled by Owner, and Owner hereby agrees to indemnify and hold Company harmless from and against any such claims.

5. Company agrees to perform all reclamation in accordance with the rules and regulations of the Colorado Oil & Gas Conservation Commission ("COGCC"), unless a variance therefrom is granted by the COGCC upon the request of Owner. Company shall endeavor to keep the well pad(s), the production facilities, and the pipeline and road easements free of weeds and debris, and to control erosion thereon. At Owner's request, Company will fence its road easement with a single-strand fence to limit traffic to the easement.

6. Company will provide Owner with ten (10) days notice by mail, phone call or personal visit prior to commencing Operations on the Property with heavy equipment. Owner acknowledges that this notice complies with, or hereby waives, all COGCC requirements that it be given advance notice by Company of the Operations. Owner acknowledges receiving from Company a brochure prepared by the COGCC which describes the rights and responsibilities of Owner as the surface owner of the Property.

7. Company shall construct and install the well pad(s), roads, pipelines and production facilities, including, but not limited to, pumping units, tanks, heater/treaters, separators, dehydration equipment, compression equipment, meter stations and emission control units, at the specified surface locations and with the approximate size and design shown on Exhibit(s) A. Company shall not drill during March April or May around, the Veterinary Hospital, and will put

up Hay bales around the Location to help block sound during drilling. Owner acknowledges and agrees that Company has consulted in good faith with Owner as to its proposed Operations, in accordance with COGCC requirements, or hereby waives such requirements. Owner expressly waives the application of any COGCC setbacks inconsistent with this Agreement, including, but not limited to, setbacks for high density areas and surface lot lines.

8. Owner expressly acknowledges and agrees that this Agreement shall be deemed to be specifically applicable to, and to fully satisfy, the obligation of Company to accommodate Owner's use of the surface of the Property, existing or future, and waives any statutory or common law claim to the contrary.

9. [OPTIONAL] Owner hereby CONSENTS [] or DOES NOT CONSENT [X] to the conduct of a wildlife survey on the Property, and to the imposition of timing restrictions, buffer zones or other conditions of approval, stipulations, or standard operating practices related to wildlife protection and habitat preservation by the COGCC with respect to the Well(s).

10. Owner agrees that Company may record a Memorandum of this Agreement to put successors or assigns on notice that the Property is subject to this Agreement. Owner further agrees to include a note regarding this Agreement in any annexation, subdivision plat, planned unit development or other land use designation or approval for which Owner may apply. In all other respects, the parties intend and agree to keep the specific terms hereof confidential.

11. In construing this Agreement, no consideration shall be given to the fact or presumption that one party has had a greater or lesser hand in drafting this Agreement than the other party. All exhibits attached hereto are incorporated herein by reference.

12. This Agreement shall be subject to, and construed under, the laws of the State of Colorado, without regard to its conflict of law provisions, and jurisdiction and venue shall be solely in the courts of the State of Colorado, subject to the right of either party to remove a matter to federal court.

13. Each of the undersigned principals of the parties represents and warrants that such person has the requisite corporate or legal authority to bind the respective parties to this Agreement.

14. This Agreement shall become effective when it is fully executed and shall remain in full force and effect until Company's leasehold estate expires or is terminated, and Company has plugged and abandoned the Well(s) and conducted reclamation in accordance with this Agreement and applicable COGCC rules and regulations, except that any release, discharge or indemnity from and against liability contained herein shall survive the expiration of this Agreement.

15. This Agreement shall extend to and bind Owner and Company, and their respective heirs, personal representatives, successors and assigns.

16. Concerning any matter relating to the Operations, Owner may contact:

Operator:	Petroleum Development Corporation
Person to Contact:	
Address:	1775 Sherman Street, Suite 3000

Phone Number: Denver, CO 80203

- Simmons 42-20D Lat is N 40.47347 Long is W 104.56806

Hereby requests a surface location exception waiver from *Jacob J. Simmons and Wendy Y. Simmons* as surface owner(s).

Colorado Oil and Gas Conservation Commission Rule 318A.a. designates five "drilling windows" per quarter section of land in the Greater Wattenberg Area (GWA) – 400'x400' boxes in the center of each quarter/quarter section, and an 800'x800' box in the center of the quarter section.

As the surface owner(s), I understand that the above-captioned well location(s) fall outside of those drilling areas and consent to those location(s) as planned. I hereby waive any requirements to comply with COGCC Rule 318A.a. for the above-captioned well(s).
