Monument Global Resources Inc., Remediation Project #7787, SWSW Section 35 T35N R20W, N PM, Montezuma County, Colorado, Supplemental Form 27 Conditions of Approval (COAs)

Conditions of Approval:

Conditionally approved, however, additional information or activities may be required during the course of remediation. Specifically, the following guidance shall be adhered to as COAs.

Sampling Requirements

1. Discrete soil samples shall be collected from within the impacted area to adequately determine compliance with Table 910-1. Composite samples will NOT be accepted for this purpose.
2. Confirmation samples shall be collected from the source point and every 300' along the historic flow path, with two (2) samples from the source point to the edge of the bluff. Sample locations shall be documented in accordance with Rule 215.
3. Confirmation samples shall be analyzed for an abbreviated constituent list including pH, BTEX, Ar, and TPH, based on previous work completed. Results of previous work performed shall be submitted along with confirmation sampling results, including preliminary screening sample results.
4. Notify the COGCC at least 48 hours, prior to sampling, investigation, and remedial activities. Notification shall be made to Jim Hughes (jimo.hughes@state.co.us 970-903-4072) by email or phone.
