Dear Mr. Seward,

In accordance with the requirement of Rule 305.f. of the Colorado Oil and Gas Conservation Commission (COGCC), this letter serves as notice by PDC Energy, Inc. (PDC) of its intention to conduct drilling operations with heavy equipment on the above-captioned wells not less than thirty (30) days from the date of this letter.

This notice is following up on our conversations and discussions regarding the location of this well site(s), access roads, production facilities, and other related matters. However, the location(s) may be staked prior to this notice as discussed in consultation. Our initial consultation date to discuss PDC's proposed drilling was May 19, 2015.

Enclosed please find a copy of the COGCC's brochure describing surface owner rights and responsibilities, and a copy of the COGCC's on-site inspection policy.

As the surface owner, you have the responsibility for notifying any affected tenant farmer, lessee or other party that may own or have an interest in any crops or surface improvements that could be affected by these proposed operations. A complete copy of the COGCC rules and policies is available at the following website: <http://cogcc.state.co.us/>.

Also enclosed is a Waiver Letter which is required to be signed by you and it will be attached to our drilling permit application with the State of Colorado. Also attached is a Consultation Form which is also required to be furnished to you. Please complete both of these attachments, including signing and dating them, and return to me in the enclosed, self addressed and stamped return envelope, at your earliest convenience.

Should you have any questions regarding our operations or this notice, please contact me at 303-517-3010.

Sincerely,  
PDC Energy, Inc.
