Location ID: 428320

Well API ID: 123-35312 Coalbank Creek 9-20 Facility ID - 428301
123-35318 Coalbank Creek 10-20 Facility ID – 428310

Attention: Margaret Ash

The subject Field Inspection Form was received by Bayswater on 8/24/15. As noted on Page 5 in the complaint summary, Bayswater was contacted during the field inspection on 8/13/15 regarding the actions needed on the site. At that time, the inspector was notified that Great Western had taken over as operator of the site a few months ago. Bayswater immediately contacted Great Western and as noted in the complaint summary, a Great Western representative responded to the site and to the inspector to take care of the situation. Great Western will file the Form 42 once work is completed for the re-inspection.

The Form 10 – Change of Operator for the transfer of the subject facility and wells from Bayswater Exploration & Production to Great Western Oil and Gas had been submitted to the COGCC on 4/24/15 coincidental with the transfer of operations but had not yet been processed through the system resulting in the Inspection Form being issued to Bayswater rather the current operator – Great Western. The Form 10 has since completed processing and is dated 8/21/15.

Given the circumstances, Bayswater has requested to be removed from the Field Inspection and associated Complaint.

I hereby certify all statements made in this form are, to the best of my knowledge, true, correct, and complete.
