Kris,

When I log into eform the supplemental report shows received.

I sent the supplemental eform in on July 31st 2015 from my home because the office had some internet issues that day.

All work is completed per plan and the well remains shut in.

Please let me know if I can do anything more.

Regards,
Jason Haack

Jason,

Can you provide an update to compliance with the COA's of spill number 400871277?

A supplemental report was NOT recived within 10 days of spill per rule 906.

These issues are being discussed with the COGCC enforcement group.
