Andrea,

I have reviewed the two referenced Form 2A Oil & Gas Location Assessments and have the same comment concerning both of them.

In the Construction section you have indicated the date planned to commence construction is 9/1/15. These two Form 2As will not be final approved at the earliest until after the Public Comment period ends on 9/14/15. Therefore, please provide me with a revised date planned to commence construction for these two proposed oil and gas locations.

Please respond to this correspondence by October 1, 2015. If you have any questions, please contact me. Thank you.
