Greg and Peter -

I have received this Form 19 from a client (who received it from Anadarko) but I cannot find the Form 19 nor the remediation workplan on the COGCC website. Can you help me track this down? Is there a reason it would not be on the website? Is there a reason the spill would be reported in April of 2014 but the remediation plan is dated last month?

Feel free to pass this along to the appropriate person.

Thanks for your help.
