RE: Rule 306.e. Meetings with Building Unit Owners within a Buffer Zone Setback.

NGL Apollo 11: 1446' FNL, 699' FEL, Section 18, Township 6 North, Range 63 West, Weld County, Colorado

Dear Mr. Lepore,

NGL Water Solutions DJ, LLC (NGL) hereby certifies that it has complied with Rule 306.e, which states that an Operator shall be available to meet with building unit owners who received an OGLA notice or a buffer zone notice pursuant to Rule 305.c. and requested a meeting regarding the proposed oil and gas location. The operator sent notices pursuant to Rule 305.c, and received no request for a meeting. There was one request for consultation and a phone call was made on 9/16/15 addressing their concern as to whether sound barriers would be used during drilling & completion. An affirmative was given that sound walls would definitely be used. NGL respectfully requests that the Director approve this well. Should you have any questions or concerns please contact the undersigned at 720-420-5747.

Sincerely,

Paul Gottlob
