RE: Rule 604.b. Exception Request

NGL Water Solutions DJ, LLC: **Apollo 66N63W /18SESE**: SENE Sec. 18-T6N-R63W, Weld County,  
Colorado

Dear Mr. Lepore,

This Exception Request is being submitted for the recently acquired UIC Facility that was previously owned by Synergy Resources Corp. and currently owned by NGL Water Solutions DJ, LLC (NGL). Due to this facilities permitting and construction predating the current Form 2A guidelines, the details are not on record with COGCC. The adjacent Well Pad & Location ID# 309984 is currently empty as the well has been PA. NGL proposes this Amended 2A to formally register the UIC Facility with COGCC and plans to permit & drill a new UIC well which will be serviced by this facility.

Based upon the above data NGL respectfully requests that the Director grant an exception to the setback distance requirements set forth in Rule 604.b.

Should you have any questions or concerns please contact the undersigned at 720-420-5747.

Sincerely,

Paul Gottlob
