Re: Monitor Well Sampling for Petroglyph's Three monitor wells; 09-10, 35-09, and the 36-05.

Dear Tom:

After reviewing the water sample results from July 23, 1999 sampling for the three monitor wells listed above I see no need to continue sampling these wells quarterly. The three monitor wells may now be sampled twice a year. The next sampling for the three monitor wells will be due in January, 2000. If you have any questions, please call me at (303) 894-2100, extension 110.

Sincerely,
