Dear Mr. Lepore,

Mendell Finisterre II LLC (MF) respectfully requests that the Director grant an exception to Rule 603.a(2) for the above wells. These wells are spotted as above in accordance with the wishes of the surface owner and in order to maximize future land use possibilities and minimize surface disturbance. Per Rule 603.a(2) of the Colorado Oil and Gas Conservation Commission (COGCC) the surface location of a well must be no less than 150' from a property line. As planned above, these wells are closer than 150' to the property line, the closest being 133'.

A waiver from the affected surface owner is attached.

Sincerely,
